

**WIAB 08-08**

**DATE:** April 28, 2009  
**TO:** All WIA Subrecipients   
**FROM:** Dwight A. Johnson, Administrator, Employment and Training  
**SUBJECT:** PY 2008 WIA Eligible Training Provider List

During the last Workforce Development Council meeting, the council recommended changes to the state's Eligible Training Provider (ETP) list for WIA approved training providers. The council approved the listing of all programs of study from each state-sponsored college and university eligible for automatic designation to the state's ETP list. These institutions constitute the majority of programs listed on the ETP list and this process eases the burden of continually monitoring each school's programs and increases consumer choice. Please note that despite placement on the ETP list, approval for any training must still be supported by labor market need.

Effective April 1<sup>st</sup> 2009 the following catalog of courses and degrees from state funded schools have been approved for consolidation on the state ETP list:

North Idaho College  
Lewis and Clark State College  
University of Idaho  
Boise State University  
College of Southern Idaho  
Idaho State University  
Eastern Idaho Technical College  
College of Western Idaho

We have removed all courses and degrees previously listed for these schools from the ETP list and replaced them with links to their state WIA approved course catalogs and/or websites. WIA provider staff and participants can review these links to determine requirements and cost of each training program.

If you have any questions, please contact your regional liaison.
